

Vladyslav Vagin

Junior Frontend Developer

ABOUT ME

Enthusiastic Junior Frontend Developer specializing in React, Next.js, and JavaScript, with a solid foundation in Node.js, MongoDB, and REST API integration. With 10 years of experience working at sea, I have increased my communication skills, responsibility, stress tolerance, attentiveness, and English proficiency. Currently, I am completing a course in Web Page Development and Publishing in Madrid and am looking for a Junior Frontend Developer position to continue creating efficient web projects, grow in the field of Web Development, and contribute to the company's success by aligning with its goals.
